DESIGNS FOR CHESNEYS

THE SUCCESSFUL FUSION
OF MINERALS AND METALS
FOR THE KELLY HOPPEN
COLLECTION RELIES ON
PAINSTAKING CRAFTSMANSHIP
AND THE FINEST NATURAL
MATERIALS TO ACHIEVE THEIR
INTENDED EFFECT

With 40 years' experience at the forefront of the design industry, Kelly Hoppen MBE is one of the most celebrated and sought after interior designers in the world. Her style is characterised by clean lines and neutral tones blended with elements of sumptuous opulence. Her work includes private homes, commercial buildings, cruise ships, yachts, aircraft, hotels, bars and restaurants and literally spans the globe.

Kelly is passionate about applying her design ethos in a way that makes it accessible to the consumer. This approach is reflected in the collection she has designed for Chesneys. Whilst it contains opulent and striking designs such as The Stoppard, it also embraces understated elegance in the form of The Dylan Limestone surround, which with its simple linear form will sit comfortably in a wide range of domestic interiors.

The collection has as its cornerstone the successful fusion of minerals and metals. During the development phase Kelly worked closely with Chesneys' workshops, sampling multiple natural materials, finishes and metal elements before finalising the composition of her various designs. Deceptively simple in appearance, all of these designs rely on painstaking craftsmanship and the finest natural materials to achieve their intended effect.

This is the second collaboration between Kelly Hoppen and Chesneys. Twenty years separate the two collections but the same shared ethos still applies; that visionary design will only succeed if its execution is flawless.

THE BRADLEY

details on page 11

It is shown with The Depp, Kelly's unique new design for a mirrored "floating" fire basket, which can be used with either a gas effect fire or with an electric fire.

'THE BRADLEY IS A DESIGN OF SHEER OPULENCE, EPITOMISING THE HOPPEN AESTHETIC, ALLOWING THE ROLL OF THE MOST BEAUTIFUL MARBLE TO SPEAK VOLUMES WITHOUT THE NEED FOR ANY CARVED ORNAMENTATION.'

Kelly Hoppen

THE BRADLEY

The Bradley can be fabricated in any stone or marble but is shown here in book matched Italian Calacatta Vagli. Its cushioned design and honed finish imparts a soft quality to the marble and its simple appearance is only relieved by a slender trim and reveals in brushed nickel. It is shown with The Depp basket and decorative gas effect fire.

'THE DYLAN IS MY TAKE ON A CLASSIC LIMESTONE SURROUND RE-CREATED WITH MORE SHARPNESS. I DESIGNED THE MILLER GRATE TO COMPLIMENT IT AND TO PROVIDE AN INTERIOR THAT WILL ADD GRANDEUR AND DEPTH TO ANY ROOM'

Kelly Hoppen

THE DYLAN

Carved in Limestone with faceted pilasters and frieze with a conforming mantel shelf, The Dylan is an inspired re-interpretation of a traditional form, completed by a polished cast iron register grate of sleekly minimalist appearance.

Kelly Hoppen

'THIS IS A MODERN
GEOMETRIC DESIGN
READY FOR ANY

OR CONTEMPORARY.
ITS SIMPLICITY AND

Kelly Hoppen

THE BUTLER

With landscape proportions and interlocking solid limestone blocks The Butler is a uniquely different fireplace that can sit comfortably in a wide range of interiors. It has a bush hammered finish and is shown with the eye catching polished bronze Eva Urn and decorative effect gas fire.

THE HUGO
details on page 20

'THIS DESIGN IS ALL ABOUT SIMPLE ELEGANCE. I LOVE THE JUXTAPOSITION OF THE LIMESTONE AND BRASS ACCENTS'

Kelly Hoppen

THE HUGO

The Hugo is a design of stunning simplicity, comprising a frame in honed Azul Valverde limestone with inset highlights of mirror polished brass, providing a perfect combination of different materials and textures. The Hugo is shown with Hunter Fire dogs in polished brass.

DETAILS

Opening 37¹/₄"(946)W x 37¹/₂"(952)H

Overall size 53"(1346)W x 45³/₈"(1152)H

Depth 7⁷/₈"(200)

THE STOPPARD

The Stoppard is another very strong architectural surround. Fabricated in Carrara marble it has deeply recessed channels between each of the projecting mouldings housing polished steel panels that reflect the light that bounces off the white marble surfaces. It is shown with the Depp electric fire basket.

DETAILS

Opening 37¹/₄"(946)W x 37¹/₂"(952)H

Overall size 53"(1346)W x 45³/₈"(1152)H

Depth of shelf 6⁷/₈"(175)

Depth at base 8⁷/₈"(225)

'THIS SURROUND HAS A STRONG DECO INFLUENCE WITH ITS COMBINATION OF MATERIALS AND LINEAR DESIGN. IT HAS A FEEL OF HOLLYWOOD ELEGANCE ABOUT IT'

Kelly Hoppen

'THIS FIREPLACE IS A SENSUAL MIXTURE OF MARBLE AND METAL AND ALTHOUGH CLEARLY A STATEMENT PIECE, IT CAN BE DRESSED LUXURIOUSLY DUE TO THE LACK OF ORNAMENTATION IN THE ENTIRELY PLAIN DESIGN OF ITS FRIEZE'

Kelly Hoppen

THE PINTER

The Pinter combines a Petit Granit frame with sleeves of polished brass wrapped around the pilasters for a dramatic effect that is further enhanced by its reflective qualities, which change to mirror the lighting in the room.
